Once upon a time in a strange, faraway land called Boys' Love...

"Hush," murmured Archer, his back arching off the bed. He yearned for James Bondage to fill him completely, stacking his own back to tandem with his partner's thrusts.

James Bondage slowly belted the saddle pointed away left shoulder. The stable on his chin grazed Archer's smooth skin, eliciting a shudder. He then grasped Archer's thighs and deeply plunged. A low groan barely escaped JB's lips as he pounded into the tight opening. The usual odors and sweat stung in the air as the two were surrendered themselves to passion.

"It hits my nipples."

"What?"

"Please," Archer begged, "kiss my nipples!"

Although the request surprised James Bondage, he immediately obliged and began to gaze at the hardened nubs. Suddenly, Archer shuddered, stating JB's nipples also were erect this...

"You know, even when I first saw you, I couldn't take my eyes off of you." James Bondage laid upon his back, hands tucked neatly beneath his head. Archer, with his chest resting on JB's bare chest, blushed furiously.

"I really like you," confessed JB. He lifted a hand to tenderly stroke Archer's hair. "Will you..."

Archer purred at him beguilingly. "Yes!"

"Will you start a BL, wanders group with me?"
